Subject: RE: 4000 pricing.

Then all you do is copy the FRN from last year into this year's application and change Service Start Date to 07/01/18 and Change Contract End Date to 06/30/19. All the pricing is the same.

Are you keeping the same services you currently have or are you updating your circuits?

Subject: 4000 pricing.

Gary:

Are we supposed to just be using generic pricing for our circuits? That is all I was going to apply for and I have not seen anything from anybody about pricing. This is a very strange year and it seems vendors are not communicating. At least I have not seen a thing as yet.

I need \$\$ for my gig LAN and 500 Mbps WAN---preferably upgrade to Gig WAN.

Thanks,
